

“Letting our Faith Free” based on Luke 17:5-10

Michelangelo story: “there’s an angel in there I must get free!” Every Christian is handed a blank slate and needs to figure out how to get faith. Three steps:

- Learning to forgive. Need to learn when. Corrie ten Boom story about needing God’s help to forgive a former guard.
- Believing. Story of James and following God’s leading.
- Serving. When we serve with no thought of profit, we understand ‘faith’. Dwight Moody was willing to do that, and increased his faith.

Forgive those who repent, believe just a little, and serve as Jesus did, and you will have faith to move mountains!
